

HOMEMADE CLEANING RECIPES

MAKE YOUR OWN (REUSABLE) DRYER SHEETS

4 white dishrags (face cloths)

Downy Fabric Softener

A bowl or bucket

Start by placing the cloths in the bowl, pour the Downy over the cloths enough to soak them. Allow cloths to dry (hanging on a clothes line does the trick) until they are completely dry.

Throw one sheet in the dryer with your clothes. You should be able to use each cloth a dozen times or more, before they need to be dipped and dried again.

HOMEMADE "SHOUT" STAIN REMOVER

2/3 cup Dawn Dish Soap
2/3 cup ammonia
6 Tbsp. baking soda
2 cups warm water

Mix everything together and pour into a spray bottle. Spray on stain and let it soak in for a minute or two, then place in the washer.

*Note: If you are removing a tough stain like chocolate, after you let the stain remover soak in rub the fabric together a few times, and the stain will be gone.
